SAMSUNG

Slimmest Value-Priced 21.5" Commercial Monitor in Samsung Lineup

The Samsung S22C200NY is a solid performer designed to deliver. By reducing the left and right bezel sizes to a mere .43", the user experience is enhanced when two or more monitors are adjacent. Ideal for general office use in a wide variety of business sectors, this reliable desktop monitor provides efficient design and integration. Front-mounted buttons let users easily adjust image settings. And the ultra-slim design with tilt-adjustable stand bring a greater sense of style, as well as ergonomics. And the LED-backlit, full 1920 x 1080 HD resolution LCD screen delivers high-quality images for everyday business use. The Samsung S22C200NY. Business. Innovated.

Everything's Up Front
With narrow bezels, a black matte finish and front-mounted tactile buttons, the S22C200NY is an easy-to-use, easy-to-deploy and easy-to-maintain professional-grade desktop monitor solution.

Save Energy, Save Money
Samsung's LED-backlight technology and user-selectable Eco-saving features enable enterprises to better manage power usage and reduce energy consumption.

Mega Infinity Dynamic Contrast Ratio
Details in the blacks. Details in the whites. The Samsung S22C200NY delivers both through Mega Infinity dynamic contrast ratio.

Narrow Bezels Save Space
The narrow-bezel design and low profile stand takes up less desk space and contributes to a cleaner-looking office. The built-in cable management feature also adds to a clutter-free work environment.

MagicBright 3 and MagicAngle™
Exclusive MagicBright 3 technology features pre-set modes that deliver the optimum viewing experience in just one click. With MagicAngle™, images appear sharp and brilliant even when users are not directly in front of the screen.

Fast Response Time
The S22C200NY features a 5ms response time for seamless motion imagery, presenting streamed Internet content without the blurring and ghosting that occur on slower monitors.
