

Samsung S22C200B 21.5" Desktop Monitor

The extra-slim bezel monitor created for business.

Slimmest 21.5" LED Commercial Monitor in our Lineup

With a clean, ultra-sleek design that measures just 3.1 inches thin, the Samsung S22C200B easily enhances any desk you place it on. Furthermore, by reducing the left and right bezel sizes even further to a mere .43", the user experience is enhanced in a set-up with two or more adjacent monitors. The S22C200B is a solid performer that provides cutting-edge technology, money-saving efficiencies and integration ease. Front-mounted buttons let users easily adjust image settings. The tilt-adjustable stand brings a greater sense of style as well as ergonomics. And the LED-backlit, full 1920 x 1080 HD LCD screen delivers rich, vibrant colors and super-sharp text. The Samsung S22C200B. **Business. Innovated.**

Everything's Up Front

With narrow bezels, a black matte finish and front-mounted tactile buttons, the S22C200B is an easy-to-use, easy-to-deploy and easy-to-maintain professional-grade desktop monitor solution.

Save Energy, Save Money

Samsung's LED-backlight technology and user-selectable Eco-saving features enable enterprises to better manage power usage and reduce energy consumption.

Mega Infinity Dynamic Contrast Ratio

Details in the blacks. Details in the whites. The Samsung S22C200B delivers both through Mega Infinity dynamic contrast ratio.

Narrow Bezels Save Space

The narrow-bezel design and low profile stands take up less desk space and contribute to a cleaner-looking office. The built-in cable management feature also adds to a clutter-free work environment.

MagicBright 3 and MagicAngle™

Exclusive MagicBright 3 technology features pre-set modes that deliver the optimum viewing experience in just one click. With MagicAngle™, images appear sharp and brilliant even when users are not directly in front of the screen.

Fast Response Time

The S22C200B features a 5ms response time for seamless motion imagery, presenting streamed Internet content without the blurring and ghosting that occur on slower monitors.
