

Samsung S22C650P Desktop Monitor

The image quality will stun you. The price won't.

Our Thinnest Side-Bezel 21.5" Monitor with Impressive Panel Technology

We'd like to introduce you to another ingenious Samsung innovation: A desktop monitor that delivers a better picture at a better price. With upgraded panel technology, the Samsung S22C650P delivers more accurate color, plus 178° wide-viewing angle capability. There's front-mounted tactile buttons for easy and intuitive operation, VGA, HDMI and DisplayPort for flexible connectivity, and built-in speakers to enhance the viewing of video content. Furthermore, the thin side bezels allow for easy deployment of two or more monitors. And to ensure everyone stays comfortable while enjoying the amazing on-screen imagery, the height-adjustable stand also swivels, tilts and pivots. The Samsung S22C650P. **Business. Innovated.**

AD-PLS Panels for an Incredible Experience

Samsung AD-PLS panels are a more cost-competitive alternative to our high-end PLS panel technology. They deliver outstanding image quality, as well as wide 178° viewing angles.

More Connectivity Options

VGA, HDMI and DisplayPort give users flexibility in high-speed connectivity. So whatever devices users need to connect today or in the future, the S22C650P keeps everyone's options open.

Built-In Speakers

The integrated 2-way speaker delivers outstanding stereo sound for an enhanced multimedia experience, whether watching movies or listening to music.

LED Technology Saves Energy

Samsung LED technology requires up to 40% less energy than conventional monitors, and users can easily adjust brightness settings for an extra energy savings of up to 50%. This enables enterprise users to significantly reduce energy usage.

Ultra-Slim Design That Fits Any Desk

The sleek, stylish design and low profile stands take up less desk space and contribute to a cleaner-looking office. The built-in cable management feature also adds to a clutter-free work environment.

Ergonomic, Adjustable Stand

The monitor swivels, tilts, pivots and is height-adjustable. And since the monitor is VESA compatible, installation on a wall or separate mounting arms is easy.
